* Low Country- Round 3 and General Session will be flipped on schedule

Taking Care of Business — Vote, what do you mean I have to vote? Who is Robert and why are we following his rules? Proxies, I am suppose to do something with this? It's my club's voice. Hmmph, this session will be filled with a lot of explaining.

Diveristy Dimensions — Diversity is not just about representation or the things we can observe such as race, ethnicity or physical ability. Diversity is so much more! Come and discover the many layers and dimension of diversity our members bring into the club environment.

Finding Frosties — In the meadow we can build a snowman. Well ... not exactly. If not in the meadow, where do we find new members for our club? How can we convert visitors to members and possibly bring former members back?

The Quest to be a Champion — Find out what it takes to craft, choreograph and deliver a championship speech. Do you have what it takes? Are you ready for revisions, and hours and hours of practice? Do you know and understand what the judges are looking for? The path has changed to the world stage ... do you know the way?
