Appreciation Award - D58 2020-2021 For Outstanding and Dedicated Service**

Relevant work experience and how it relates to Toastmasters and your role as a District leader:
Listening to the needs of others and then incorporating that into a plan that will help the entire team be successful.

What experience do you have in strategic planning?
I've had the opportunity to work with the D58 Trio and other Directors to establish a strategic plan for D58. This allowed the team to focus our decisions and allocate resources to ensure that our efforts helped benefit the overall strategic plan.

What experience do you have in the area of finance?
Working with the D58 finance manager and others this year has helped me to set reasonable goals that are also realistic based on the current budget. Plan plan plan.

What experience do you have in developing procedures?

Lots. As a past D58 parliamentarian I was able to fully embrace current polices and procedures while also-connect with TMI to provide future suggestions.

What lessons did you learn from previous leadership positions?

It is ok to not know something and admit it. Still it is important to have the motivation and curiosity to want to find the answer and share with others.

Why do you want to serve as a District leader?

To return to the District the desire to always be better.

In your opinion, what are the District mission's major objectives and how would you work to achieve them?

To build new clubs and support all clubs in achieving excellence. This can sometimes be challenging when there are so many different types of clubs with different goals. I would like to reach members where they are and help them accomplish the goals they set for themselves.

Additional information about yourself:

I am not without fault. I strive to be better tomorrow than I was today and continue to grow.
